Welcome to Preprimary 2017 – 2018

Dear Parents,

Assalmu Aleikum.

We would like to take this opportunity to welcome you and your child to the Preprimary department. Our goal is to challenge your child intellectually, nurture them socially, and encourage each and every child to be an independent learner.

Whether your child is eager or reluctant to go to preprimary, we are here to support the transition from your care to the classroom when you arrive with your child in the morning.

Some children may adjust easily with the classroom and to class routines, whereas other children might take time to adapt to the class. Mothers of students needing time to attune themselves are given flexibility to acclimate their child and may stay in the school's waiting area during the first week of school as per the dates indicated in the table below. Parents must keep in mind that the sooner a routine is established the sooner your child will settle and be part of the school routine.
